

ActiveLED™ WLi Series

Interior Wall Sconce

Overview

G2LED Lighting with patented ActiveLED technology takes a clean, modern approach to hallway and accent lighting with a simple yet elegant design. By incorporating ActiveLED patented technology, the Interior Wall Sconce achieves energy savings of 50-85 percent over conventional lighting sources. The intelligent controller and options enable advanced energy management capabilities, thereby providing additional savings. The 90,000-hour LED lumen life is superior to any other light available today. Imagine a light lasting for 20 years when used an average of 12 hours a day.

Technical Specifications

Dimensions	18.5"W x 8.5"L x 6.5"D (47.0 x 21.6 x 16.5 cm)
Mounting	Standard wall sconce bolts
Light Output	660 or 1980 LED Device Lumens
Fixture Watts	Up to 21 watts
Efficacy	110 LED Device Lumens/Watt
CCT	3500 K or 5500K
Power Factor	>.95
Input Voltage	100-277V AC
Lumen Lifetime	90,000 hours (95% Luminous Flux)
Weight	6 lbs. (2.7 Kg)
Listings and Tests	UL and CE listed, suitable for damp locations. RoHS compliant, LM-79 and LM-80 info available.

Key Features & Benefits

- Significant Energy Savings – Replaces up to 100 watt fixture with 21 watt or lower fixture
- Ideal for interior wall mount lighting applications
- Replaces yellow or dim lighting with more visible “white light” for improved light quality and uniformity
- Lower heat emission with small infrared footprint
- Environmentally safe lighting
 - Zero mercury content
 - Eliminates disposal of hazardous material
 - Facilitates LEED credits
- Options
 - Digital Dimmer
 - Occupancy Sensor
 - Dusk-to-Dawn Sensor
 - Battery Backup
- Warranty: 10 years on LED elements, 5 years on materials and workmanship
- Designed and manufactured exclusively by Ringdale

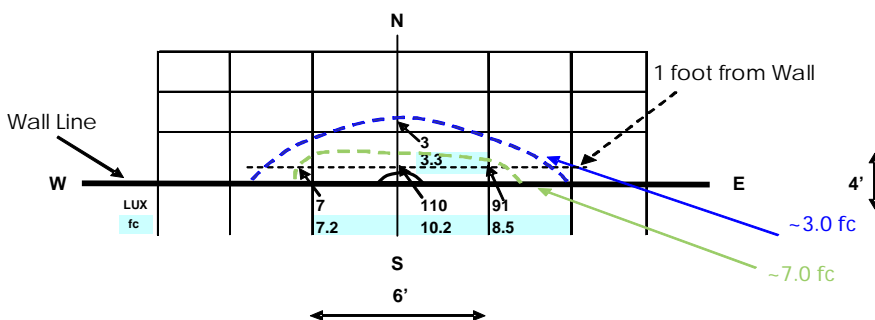

ActiveLED™ WLi Series

Interior Wall Sconce

Photometric Light Level Data for WLi-3515-UD LED Interior Wall Sconce

The schematic shows the light level measurements for an LED Interior Wall Sconce at a 5.5' height from the floor.

The data illustrates that the LED Interior Wall Sconce provides approximately 7 footcandles (fc) coverage in a 2-6' area of light and 3 fc coverage in a 4-11' area of light.
